Selection of Materials

Grove Park Elementary will use Mackin and Gale Cengage for the purchasing of ebooks. The needs assessment of this collection showed that fictional picture books, nonfiction, and graphic novels were the three main sections that needed to be expanded due to the demand and use of the students and teachers. Mackin is the vendor in picture books, juvenile fiction, and graphic novels. This vendor filters searches by reviews and price which inform the selection process. The books that have been selected for fiction are based on the Sunshine State Young Reader Award, Sunshine State Young Reader Award, student requests (*Diary of a Wimpy Kid* and *Dork Diaries*), and professional reviews. Graphic Novels will be acquired by purchasing a yearly subscription to Comic Plus Library Edition: Elementary School. For nonfiction materials, the library will purchase these ebooks through Gale Cengage. Grove Park Elementary School is about to undergo a renovation of the campus and so growing and maintaining the ebook collection will be a great benefit to the teachers and students. With a budget of \$3500, Grove Park Elementary will make the following purchases in the areas below.

This year we are only adding electronic books to the collection. The reason behind adding eBooks is that Grove Park is being modernized. The entire physical collection will be inaccessible to faculty and students for the FY23 school year. The vendors we selected are Mackin and Gale Cengage. We chose Mackin as the vendor for our fiction because our primary eBook collection is housed in MackinVia. Choosing Mackin to add to our electronic picture book and fiction selections helps our students easily find the books they are interested in reading. We selected Mackin as the vendor for our graphic novels. They offer a fantastic database for Graphic Novels. The database will be housed within MackinVia, where our students already go to access their pleasure reading resources. Additionally, the graphic novels in the database are simultaneous multi-user books which allow us to maximize our funds and still provide a wide variety of graphic novels for our students to choose from. For our nonfiction eBook selections, we chose Gale Cengage. We chose Gale Cengage as their eBooks are simultaneous multi-user eBooks that can be read as regular or shared into a Google Classroom with a permalink. Another reason for our purchase is they fully integrate with our Gale inContext Elementary database. When students search the database, the search will return information from our eBook collection.
